

London and Whipsnade Zoo

ZSL (Zoological Society of London) is an international conservation charity working to create a world where wildlife thrives.

The wildlife charity uses a wide range of cleaning products ensuring products are safe for their resident animals, are eco-friendly and use reusable or recyclable plastics.

Recently, Newline Anglia won a tender to supply London Zoo. Following a site visit by various members of ZSL's operations, procurement and facilities team, Newline came up on top in terms of service. We are committed to providing outstanding service and products that meet our customer's needs and expectations as well as growing and adapting to meet new demands. We are able to work with ZSL to help them meet their goals of becoming more environmentally friendly and reducing manual labour. We have successfully introduced ZSL

to new and effective floor and window cleaning technologies and environmentally friendly cleaning supplies which will greatly help them achieve their goals.

Ahmed Odugleh, ZSL's Procurement Officer said; "ZSL London Zoo and ZSL Whipsnade

Zoo are pleased to be working with Newline Anglia who are able to supply a wide range of essential eco-friendly cleaning products to ZSL. We have worked with the team who were able to demonstrate a strong commitment to a great service across all elements of the business.
